- We are diligently working to acquire the necessary estimates for submitting grants to help with building costs for the " Gathering Place" Pavilion.
- We currently have over \$51,000 toward our \$125,000 goal needed to break ground for Phase II, The Gathering Place (walking paths, pond, pavilion and accessible playground equipment)
- We continue to prepare for our two major fundraisers: "For the Love of an Angel" Dinner, Reverse Raffle & Silent Auction (Feb) and "Biking for Angels" Spin-a-thon (Fall)

Once again, welcome to our new readers and thank you for opening your hearts to the LAAF mission.

AmazonSmile and LAAF

GOOD NEWS FOR ONLINE SHOPPERS!!

We recently were made aware of a program (AmazonSmile) available through Amazon that allows a portion of your purchase to be donated to your favorite non-profit organization. AmazonSmile is a great way to have Amazon donate to their customer's favorite cause and it only takes a few simple steps.

Love an Angel Foundation has joined the AmazonSmile program. We would ask our generous supporters to take a few minutes and register for this program. Please go to www.smile.amazon.com. There you will be asked to provide your email address and then be given the opportunity to choose your charitable organization – please type in **Love An Angel Foundation!** That's it!!! Whenever you log in, please make sure you go to smile.amazon.com and **not** amazon.com. Each time you make an AmazonSmile purchase a portion will go directly to us. For example, if you spend \$100.00 then \$.50 will be donated to LAAF.

We are excited about this wonderful opportunity. So many people are making their purchases on line and in particular on Amazon. All the services are the same with Amazon and AmazonSmile. Please share this information with your family and friends. We have come so far in reaching our goals these past few years and it could never have happened without all of your support. Thank you so much!

Love an Angel Foundation Walks for Research

On Saturday, May 16th, several of our Angels, along with family and friends and your LAAF staff travelled to Pittsburgh, Pennsylvania to participate in the Angelman Syndrome Foundation (ASF) Walk. The ASF Walk is a National Walk, held annually since 1999, to raise funds to support ASF, a National nonprofit organization dedicated to advancing the awareness and treatment of Angelman Syndrome. This year, 35 cities across the country had families, friends and individuals with Angelman Syndrome participate in the Walk.

This was the first year for LAAF to form a team and participate at the ASF Walk. Although we had a small group, we hope

that our participation will grow through the coming years. As the "Love an Angel Team" walked together, they shared information concerning Angel's diets, meds, therapies, behavior and the "just simple fun" that Angels bring into their lives. Not only did they enjoy time together, they were thrilled with the opportunity to meet other Angels and their families and friends and share experiences with them.

The day started out overcast and gloomy and the threat of rain was announced by the weatherman. However, the walk was not interrupted with any showers. Only the last few, who lingered in saying their goodbyes and were heading for their cars

had to endure a little shower. As our happy sweet Angels continually bless us, they were truly blessed with a not rainy, not too cold, not too hot "Fun" Angel Walk.

As **Stephanie**, mother of **Ayleah** put it:

This was our fifth year walking in Pittsburgh to support ASF with several family members and some friends from Boardman, who have walked with Ayleah and I each year. We always look forward to seeing and meeting other Angels and their families.

The greatest thing is seeing AS individuals in all stages of life. The walk is a great experience - "and we like winning raffle prizes too!"

To Provide Comfort, Assistance, Relief, and Encouragement to those touched by Angelman Syndrome.

Walk for Research

Rebecca, mother of Nayla expressed:

This was my first time participating in the ASF Walk. I was so happy that I was not only able to bring Nayla, but also two of her 6 siblings (a brother and a sister). In addition to the fact that they were excited to support their sister, I felt it to be a great experience for them to see and meet other individuals with AS.

It was good for me to be a part of our first LAAF Love an Angel Team. Meeting other parents and their Angels from other areas was exciting. Sharing situations and

stories about our Angels was extremely reassuring and refreshing. After the event my kids and I explored the area and made it a family day. I look forward to participating with the LAAF team next year.
