Celebrating 20 Years

February 2018 will mark the 20th year of the Love an Angel Foundation and its efforts to promote public awareness of Angelman Syndrome.

Through the years, we offered financial assistance, provided our Angels with social activities and had many “parents only” get-togethers. With the purchase of our property, we were able to offer respite care.

With that program’s end and still having concern for the future care of those with AS and similar disabilities, came the “birth” of the Halo Farm Complex, a recreation center, respite care and residential facility.

Join with us as we continue our public awareness efforts for our community, grant writing, speaking engagements, and fundraising events in order to secure the funds needed to begin and complete Halo Farm Complex in the near future.
